# OVERVIEW

- **4 Port Multi AV to HDMI Conference Table Switch**
- **4 Port Multi AV to HDMI Presentation Switch**
- **4 Port Multi AV to HDMI Video Box**
- **4 Port Multi AV to HDMI Video Box + Rack Ears**

# NEW PRODUCT

## 4 Port Multi AV to HDMI Conference Table Switch

The HPC connectivity box for conference tables features a concealed, in-table design that lets you connect a VGA, Mini DisplayPort, HDMI or Type-C video source device to an HDMI display or projector. When the video switch isn't in use, you can simply slide the stylish cover panel over the connectors, hiding them inside the table or podium surface. Also features Type-C and USB charging port to charge your mobile device and an Ethernet pass-through port for Internet connectivity in boardrooms where Wi-Fi® is not available. Solution for integrating multiple devices in to meeting/conference/class room or auditorium

### Features:

- Allow 4 different source,
  - **Input:** Type-C DP Alt. mode & Video, VGA+3.5mm audio, mini displayport and HDMI
  - **Output:** HDMI
- User is able charge their device through USB Type-A and USB Type-C port. (5V 1.5A)
- Support Ethernet by-pass function.
- Source auto detect function
- The resolution is up to
  - 4K2K@60Hz (103013)
